

# Lifetime Warranty

This form certifies that the purchased residential door/opener is covered by the Advanced Door, LC. Lifetime Warranty. The Lifetime Warranty covers materials and workmanship. If something goes wrong with the door/opener, Advanced Door will fix or replace the affected problem.

This warranty covers springs, rollers, hinges, struts, and panels.

Linear Operators are also covered under Advanced Doors "Lifetime Track Warranty". This Warranty covers Motor, Rail (Belt/Chain), Hockey Arm, Nose Piece, Gear, Sprocket, and Eyes. Logic Boards are NOT covered under the "Lifetime Warranty". Logic Boards only go bad due to Power Surges, which is outside of the control of Advanced Door, LC.

The door/opener must be installed by Advanced Door, LC. for the warranty to be valid. Adjustments or modifications by anyone other than Advanced Door employee will permanently VOID the warranty. Abuse or misuse will also permanently VOID the warranty. If there is a problem with the garage door/opener, contact Advanced Door immediately. An Advanced Door Technician MUST fix, or replace the affected problem for the warranty to remain valid. Failure to do so will permanently VOID the warranty.

Advanced Door, LC. is not responsible for fires, floods, earthquakes, windstorms, acts of God, power surges, slipped cables, vehicles driven through the panels, anyone hanging on panels when door is going up, objects left in path of the garage door, or any other scenario that involves damage to the door other than the door freely going up and down.

This warranty is all inclusive, and as stated above, also includes the cost of labor if something goes wrong with the garage door or opener.

This warranty is transferable, and is still valid if the home is sold to another homeowner.
